Safety design

What went wrong:

“No plan of operations extends with any certainty beyond the first contact with the main hostile force”

Helmut Von Moltke (The Elder)

- Lost in translation
- Cultural misunderstandings.
- Technology problems.
- Processes that didn't work properly.
- Stress and burn out of the organizers.

What are we changing? That might fail, too

- No general WiFi.
- No app but keeping the website.
- App: known app-> Discord.
- Organizers organize, only.
- Making it easier, again.

We hope to survive.

We love to make larps.
